STANDARD SPECIFICATIONS FOR THE PROCUREMENT OF

UP TO FIVE NOTEBOOKS

TECHNICAL SPECIFICATIONS

Complete column ‘Compliance of Specification Offered’ with the specification of the supplies offered. Also state “comply” or “not comply” and give details of any non-compliance to the specification required. Attach detailed technical literature if required. Authorise the specification offered in the signature block below.

Special Note:

1. References to brand names are intended to be descriptive only and not restrictive. Except for specific items mentioned in paragraph 3 below, the Bidder may offer other brand names, provided that it demonstrates, to the Purchaser’s satisfaction, that the substitutions ensure substantial equivalence or are superior to those specified.

2. Any reference to any brand names by the Purchaser shall not constitute the base case.

3. In the interest of effective integration, cost-effective technical support, and reduced re-training and staffing costs, Bidders are required to offer the specified brand names and models for the following limited number of items:
   I. Standard software;
   II. Anti-Malware Software

4. Relevant ISO certificates for the manufacture/assembly will have to be submitted. In case of absence of relevant certificates at time of commissioning, payment will not be effected.

5. In case of discrepancy between the Technical Specifications table as filled in by the bidder and any other technical literature/document provided by the bidder, then, the filled in technical specification table will prevail.

6. This Technical Specification is valid only for the procurement of a maximum of FIVE (5) Notebooks
This technical specification is valid only for the procurement of a maximum of **FIVE (5)** Notebooks.
