What are mobile apps?

A mobile application, or mobile app, is a type of application software designed to run on a mobile device, such as a smartphone or tablet. Such mobile apps offer citizen-centric services to the population relating to: Agriculture, Economy, Social Services, Entertainment/Games, Music and Fitness apps.

Examples of popular apps on a mobile phone are Facebook, Twitter, WhatsApp, YouTube and Instagram.

What are the apps for Mauritius?

The mobile applications, being rolled out by the Government of Mauritius, are designed to assist the user by providing government specific services.

The apps are:

- Search Gov
- Smart Traffic
- Smart Police
- Emergency Alert App
- EEMO
- Family Welfare
- Consumer Rights
- School Companion
- SME Net
- Green Living Index

How to Install the mobile applications on your mobile phone

Ensure that you are connected to the Internet first (via Wi-Fi or Mobile data).

Method 1

Locate and open the App Store (on iPhone) or Play Store (on Android devices) app on your phone.

You may be prompted to sign in with your Apple/Google credentials. It will also require you to accept the terms and conditions.

You can then use the search feature (magnifying glass) to search for the app you want (e.g. Smart Police).

Tap the “Install” or “Get” to install the app. Your device will then install the app and you can start using it.

Method 2

You can install any QR Code Reader app on your device, start it up and scan the QR Codes in this leaflet. The image below is an example of a QR Code. It will send you to the Government App Website (mauritiusapps.govmu.org) where you can get more information on the mobile applications:
School Companion App

When launching the School Companion App, the user is requested to enter his/her phone number. The latter is given a one time code/password to access the app.

News and Events
The app will also allow parents to view News and Events pertaining to his/her child/children attending school.

Timetable and attendance
The mobile app will provide parents with information regarding the timetable of his/her child/children and absences and latenesses of his/her child/children at school.

Other functionalities
The mobile app provides notifications per class as well as per school so that the parents are notified of any urgency.

As with any other application, internet connectivity (Wi-Fi or mobile data) is required for the notification to work.

Procedures to download the app
• Visit https://mauritiusapps.govmu.org/. Direct links to the apps are available on the site also
• Search for “School Companion” on Play Store or App Store. You may need to add “Mauritius” in case you are having difficulties in finding the app
• Scan the QR Code below using your QR Code Reader app:

See overleaf for more help in installing the app.

The Organisation providing support
The Ministry of Education and Human Resources, Tertiary Education and Scientific Research has collaborated with the Ministry of Technology, Communication and Innovation.
